

Important Operator Training Announcement

Hydrant & Valve Maintenance

Sponsored by:
Granite State Rural Water Association

- Dates:** June 16, 2009: Enfield DPW Garage, 74 Lockhaven Rd., Enfield, NH
June 17, 2009: Derry Water/WW Dept., 50 Transfer Station Ln., Derry, NH
- Time:** 8:00 AM – 12:30 PM (*registration begins at 7:45 AM*)
- Credit:** 4 TCHs will be awarded to those who attend 100% of the course.
- Cost:** \$10 for course materials; actual training is free of charge. This course is valued at ~\$180 but due to grant funding secured by GSRWA we are able to provide this training for you at a significantly reduced cost.
- Registration:** Complete form and send to GSRWA with check for full amount at least 10 days prior to the class. Seating is limited; please register early. No walk-ins, please.
- Instructor:** *Brad Whitaker, Kennedy/MH Valve*
- Agenda:** This class is directed toward distribution system operators that perform O&M on valves and hydrants, and will also benefit distribution system users such as local fire department personnel. The objectives of this course are:
1. History of hydrants and valves
 2. Hydrant and valve maintenance programs
 3. Hands-on rebuilding of valves and hydrants
 4. Review time- and money-saving tips
 5. Discussions and displays

The focus of this session is hands-on, practical maintenance. Please feel free to bring questions about your valves and hydrants with you.

*This program is generously supported with funds from **U.S. EPA.***

GSRWA is a nonprofit association of water and wastewater systems in New Hampshire. We provide training, planning and onsite technical assistance to help systems protect public health and the environment. Contact us today for help and advice you can rely on.

Pre-registration is required for all training courses. To reserve your slot for this course, submit payment and a completed registration form to the address below. Your cancelled check is your confirmation of registration; you will only be notified if the class is cancelled.
